

Dedicated to middle school girls

8th Grade Supply List

Loose-leaf, lined notebook paper

Academic year weekly planner

Composition Book

1 Sketchbook: blank paper, spiral bound, at least 80 sheets, at least 8" x 10", no bigger than 9" x 12"

Spiral notebook

Tab dividers (24)

Post-it notes

Two folders with pockets

Two 1" binders

2" binder

2½" binder

200 lined index cards, white, 4x6

Graphing paper (1 cm x 1 cm)

Spanish dictionary: VOX

English dictionary: *NEW OXFORD AMERICAN DICTIONARY, THIRD EDITION*, new or used copy for home use

Pencils

Large eraser

Ballpoint pens (3+ colors)

Colored pencils set

1 white-board thin marker, low odor

4 highlighters (blue, pink, yellow, green)

2-sided ruler: inches and centimeters; clear plastic

Scissors (labeled with name)

Tall rubber boots (for the PRESERVE environmental science field work; school provides but students may bring their own)

TI-83 or -84 graphing calculator, new or used**

** Please: CLEARLY mark student's name on her calculator AND on her calculator case! They are easily mistaken for someone else's. Whiteout works well as a kind of paint. You can also use patterned duct tapes with permanent markers.

The TI-83/84 can be purchased more cheaply than newer versions. They are sold at big box stores and online. It is unlikely that your daughter will *ever* need a newer version during her schooling; they do all algebra and trigonometric functions.
